

# Toolkit for Outstanding Teaching

## Raise the quality and impact of teaching

• **The most inspirational, challenging and engaging tools, activities and structures**

• **Taken from over 1000 lesson observations**

• **All used in excellent primary and secondary schools**

### **A practical, hands-on session to resource outstanding teaching**

De-mystify amazing lessons and learn how to achieve it time-after-time. Maximizing opportunities for:

- Independent learning
- Engagement
- Challenge
- Feedback
- Opportunities for Assessment for Learning

Explore and adapt fantastic activities, resources and games to use in your classroom

### **Frameworks to increase challenge**

- Proven challenge strategies to enable learners to demonstrate exceptional progress
- Structures to develop powerful feedback within the classroom
- Outstanding by Design – successful creativity frameworks e.g. CREATE, to unlock high quality independent learning
- Strategies to rebalance lessons so that teacher talk is outweighed by student talk

### **100s of practical strategies to take back to your classroom**

- Games to engage and challenge in learning key concepts
- Apply twelve different frameworks for challenge to your planning
- Learning grids to stimulate powerful AfL opportunities
- Schemes of work incorporating intrinsic motivators
- Creativity frameworks: Adopt the CREATE model to consistently plan for level one
- Proven lesson planning techniques

***“Fantastic - feeling truly inspired....Thank you.”*** Rachel Finch, Kingstone Academy

***“Very practical and thought provoking.”*** Karen McCracken, St Josephs RC Primary School
