Advanced Mindsets

A whole-school approach to mindsets

OSIRIS EDUCATIONAL

Presented by Steve Ingle

Steve has over 12 years' experience in education. He supports the work of Professor Barry Hymer at the University of Cumbria, fostering action research in education and training into the principles and practice of mindset theory.

❢ **Successful models for implementation across your school**

❢ **Unpick an action research approach to mindsets**

❢ **Explore how mindset theory generates evidence for Ofsted**

❢ **How to develop mindsets with:**

  – Teachers   – Learners   – Parents

❢ **Use scales to develop realistic action plans that get you to where you want to be**

Discover what to do next, after the initial Mindsets launch

Promote progress across the school/Trust with mindsets
Focus on improving, not proving
Get learners to do more
Involve all members of the school community
Case studies that have embedded growth mindsets

A guide to becoming a true growth mindsets school
Create a unique mindsets blueprint for your school
Change policy and practice:
  - from marking to feed-forward
  - from rewards to recognition
  - look again at ability groups, setting and streaming
Creative ways to engage parents and support mindset growth

Move away from theory towards tangible action

"Enthusiastic and knowledgeable – [Steve] found out about our needs and did his best to meet them and give us practical tips."

Nadia Allen, Thorpe St Andrew School and Sixth Form

"Steve was highly rated by our staff. He had an engaging manner and was clearly knowledgeable – loved the way he enthused a large group of staff on the first day back! Excellent in all respects."

Wendy Hale, Cowley International College
