

Struggling Mathematicians

Presented by **Andrew Jeffrey**

Andrew has been described as a 'maths evangelist' and likes nothing better than spending time with teachers working on their teaching of mathematics. He is a highly experienced trainer who mixes practical ideas with pedagogy in a humorous but thoughtprovoking way; you will come away tired but inspired.

Course**

The national context

The National Curriculum

Other sources of CPD (Teaching schools, subject associations)

Methods to boost confidence of those struggling with mathematics

Deepen understanding of why and how children struggle with maths

Unpick the links with ADD, Dyscalculia and attentional problems

Techniques to deepen mathematical thinking in all your students

Resources review

Practical activities for the classroom

Number: place value games, fraction disc calculations, mental strategies

Making sense of algebra

Mathematical vocabulary: meeting new words, definitions game

Great ideas for troublesome topics

- Early Number
- Classifying
- Fractions Developing early algebra
- Problem solving
- Fluency and reasoning, what's the difference?

Creating a mathematical climate

Teaching assistants: helping to make an efficient classroom "team"

Dyscalculia and barriers to learning

Formative assessment strategies

"Andrew Jeffrey was superb! Excellent ideas which are inventive, fresh and inspiring to develop children's understanding of numbers and maths in general."

Sarah Fenlon, Previous Delegate

"Very informative and helpful for all year levels and key stages. Knowledgeable, great pace, entertaining - I would be happy to attend more courses led by Andrew. He was brilliant!"

Megan Ellis, Previous Delegate
