

Teaching for Mastery in Secondary Maths

Presented by Helen Blanchard

Helen's roles have included Subject Leader, Assistant Head, Advanced Skills Teacher and Ofsted inspector. An expert adviser for mathematics with Ofqual and an NCETM Accredited Professional Development Lead, Helen delivers courses which are full of practical ways to make a difference.

£299 + VAT

Make sure you ask about additional delegate discounts

- Teaching techniques to guarantee that your pupils develop a deep understanding of mathematical concepts
- Strategies to ensure that all pupils are challenged and make good progress
- Tools and techniques for teaching for mastery at key stages three and four

Carlisle date
in association with

University of
Cumbria

Meeting Ofsted's expectations:

- Aim high and scaffold the learning for the lower attainers
- Ensure pupils secure their understanding before moving on
- Challenge more able pupils by providing opportunities for deeper learning
- Plan so that all pupils can access rich/sophisticated problems
- Ensure all pupils experience an appropriate level of challenge

Guidance on:

Tools to plan and deliver lessons with a focus on:

- fluency – reasoning – problem-solving

Pointers for using mastery in mathematics

Ways to provide appropriate levels of support and challenge

How to assess prior learning and adjust teaching appropriately

Best ways to use TAs to help pupils progress

Improve outcomes at GCSE by maximising progress in all years, for all pupils

"Helen was fabulous at addressing various topics/ issues, questions discussed and provided useful, thorough explanations and examples!"

Melissa Hayes, St Mary's School Hampstead

"[Helen] understands what it is to be a maths teacher and the demands we face. She gave great ideas, backed up with publications."

Sarah Parsons, Sandbach High School
