Make sure you ask about additional delegate discounts

- Implement instant feedback and automatic marking for effective early intervention
- Use the 'Learning by Questions' (LBQ) app to:
 - Increase learning by at least 20% in an academic year
 - Apply real differentiation and progression in the classroom
- Significantly reduce teacher workload

Involves a practical hands-on session: delegates must bring a tablet or laptop

Feedback – a critical agenda for schools:

Meet Ofsted expectations

Based on research evidence:

- John Hattie, Dylan William, EED, OECD

Dylan Williams: Identify next steps and develop responsive teaching

- Mastery mathematics - Resilience - Quality questioning

- Growth mindsets - Teacher workload

Learning by questions – an evolved pedagogy:

Maximise student focus, engagement and motivation

Reduce planning and marking workload

Effective differentiation and progression

Encourage genuine sustainable progress

Impart high expectations of teaching and learning

Top toolkit to implement in your classroom:

Classroom app filled with over 800 adaptable question sets

35,000 questions covering maths, science and English

Electronic marking and analysis to plan for next lessons

Instant feedback for students and teachers

Team development and networking with other schools

"LbQ has changed the way I plan for Years 7 and 8. I think about what I want to cover, see what is on LbQ, choose the question sets I want to use and build around that. I find the instant feedback incredibly useful in identifying misconceptions and ironing them out before they become an obstacle."

Emma Tranter, Ribblesdale High School

"Money well spent! Rarely does the booking of an outside speaker lead to educational transformation. However, Robert's ideas have challenged our preconceptions in a hugely positive way."

Neil Finlay, Walton High School
