How to do  
a lot more  
by doing a  
lot less

### Managing your own behaviours

Art of the essential: the 90% principle  
Examine your mindset and home-work balance  
How to assess your current priorities and workload  
The 'cut out' job

### The first steps

The science of Development Planning  
Performance management made smarter  
Success and impact cycles  
Development of teaching, learning and assessment practice  
Overcoming inertia/gravity

### Understand the tension between 'being there in the moment' and 'sitting on the mountain'

The average leader works 55 to 60 hours per week.

*Imagine cutting that by up to 12 hours per week, whilst at the same time becoming more effective and improving retention.*

Stephen Tierney shows you how.
