New marking and assessment techniques

Extend the way you plan and deliver challenging tasks
Writing, scaffolds and modelling: for all levels of ability
Outstanding ways to give oral and written feedback
Strategies to improve teaching across the curriculum
Methods to increase engagement among all students

"Staff were engaged and entertained from beginning to end and were eager to begin using the exciting and innovative ideas back in the school with the pupils. Through his positive integrity, truthfulness and straightforward conduct, I would highly recommend his training to other primary schools. One of the best inspirational trainers I have come across in my 16 years in education."

Mrs Jennifer Seabright, Alexandra Park Junior School

"Money well spent! Rarely does the booking of an outside speaker lead to educational transformation. However, Robert's ideas have challenged our pre-conceptions in a hugely positive way."

Neil Finlay, Walton High School
